CONTENTS

SECTION B—VOL. LXXV

No. 1—January 1972

PAGE

Distribution of Pelagic Tunicates in the Western Part of the Bay of Bengal . . . . . P. V. Bhavanarayana and P. N. Ganapati 1

Observations on Control of *Pistia stratiotes* Linn. in Fish Ponds by "Gramoxone" . . . . . S. Patnaik 15

Tidal Cycle Studies in Relation to Zooplankton Distribution in the Godavari Estuary . . P. Chandra Mohan and T. S. Satyanarayana Rao 23

Contributions to the Morphology of *Dennstaedtia* . . Surijit Kaur 32

Analysis of the Basic Patterns of an Estuarine Shore in the Vicinity of the Coringa Bay, Andhra Pradesh, India . . . . . T. A. Rao, A. R. K. Sastry and P. G. Shanware 40

The Clavariaceae of India—XII . . K. S. Thind and S. S. Rattan 51

No. 2—February 1972

Fungi Associated with the New Malady of Coffee in South India . . . . . V. Agnihothrudu 55

Influence of Ablation of the Endocrine Organs on the Course of Pancreatic Diabetes in the Water Snake, *Natrix piscator* (Russell) . . . . . A. S. Padgaonkar and P. V. Rangneker 65

Embryology of *Glinus lotoides* Linn. . H. S. Narayana and B. C. Lodha 77

Studies on *Argemone mexicana* Linn.—VI. Pollen Morphology, Floral Biology and Pollination Mechanism . . . . M. L. H. Kaul 86

Studies on *Argemone mexicana* Linn.—VII. Edaphic Factors, Nitrophily and Growth Performance . . . . . M. L. H. Kaul 94

No. 3—March 1972

PAGE

Sporulation of *Pyricularia* Spp. in Culture Effect of Some Aromatic Compounds . . A. Narayanarao, K. Manibhushanrao and S. Suryanarayanan 105

***Discosiella* Sydow and *Discosiellina* Gen. Nov.** . . . . . C. V. Subramanian and K. R. Chandra Reddy 111

A Supernumerary Isofragment in *Gliricidia sepium* (JACQ.) Steud. . . . . . C. K. Rao 117

Contribution to the Embryology of *Christisonia subacaulis* Gardn. (Oorbanchaceae) . . . . . D. Raju and H. N. Chamaiah 129

Effect of Some Phenolic Compounds on Sporulation and Growth of *Pyricularia* Spp. . A. Narayanarao, K. Manibhushanrao and S. Suryanarayanan 140

Sporulation of *Pyricularia* Spp. on Detached Leaves of Gramineae and in Media Supplemented with Leaf Extracts . . . . . A. Narayanarao, K. Manibhushanrao and S. Suryanarayanan 145

No. 4—April 1972

A New Genus of Phragmosporous Phaeostilbeae from a Rubber Estate in Kerala . . . . . V. Agnihothrudu 155

Studies in Myrsinaceae. I. A Contribution to the Embryology of *Measa dubia* Wall. . . . . . K. Sankara Rao 160

Embryological Studies in Compositae. III. A Contribution to the Embryology of *Blainvillea rhomboidea*, Cass. (*B. latifolia*, DC) . . . . . S. Sundara Rajan 167

Root Sclereids of *Syzygium cumini* (L.) Skeels . . . . . A. R. Rao and C. K. Rao 177

Seasonal Variation and Exogenous Hormonal Effect on the Interrenal Glands of *Rana hexadactyla* Lesson . . S. Kasinathan and S. L. Basu 191

No. 5—May 1972

PAGE

Cytology of Some Species of the Ophioglossaceae in India . . . . . T. S. Mahabalé and Lizzie N. Nair 201

Further Contribution to the Anatomy of the Stemonaceae (Roxburghiaceae) *Stemona tuberosa* Lour. . . E. Govindarajalu and K. Rajasekaran 215

The Comparative Morphology of the Alangiaceae. V. Terminal Idioblasts in Leaves . . . . . E. Govindarajalu 221

Comparative Studies on the Black Sand Concentrates of South India . . . . . E. A. V. Prasad 231

Correlation Between Form, Structure and Habit in Some Lianas . . . . . S. Bhambie 246

No. 6—June 1972

Histomorphological Studies on the Neurosecretory System of Three Genera of Freshwater Teleostean Fishes . K. Chandrasekhar and D. Khosa 257

The Hypotonic Fragility of Some Fish Erythrocytes . . . . Saghir H. Khan, A. Qayyum Siddiqui and Absarul Hasnain 266

Morphological Studies in the Family Convolvulaceae. IV. Vascular Anatomy of the Flower . . . . . C. M. Govil 271

The Influence of Fimbriation on the Infectivity of *Salmonella typhimurium* . . . . . M. R. Darekar and J. P. Duguid 283

Free Sugars in the Reproductive System and Haemolymph of the Bedbug . . . . . Hari V. Rao 294
